Cute Dresses  
Sexy Hair

# 387 Style Saves

for every shape and size

**80%**  
of women are wearing the wrong-size bra

### Doll-Up Décolletage

The chest, collarbone, and neck area (aka the décolleté) can be very alluring but takes a beating with years of sun exposure. Dr. Lance H. Brown, NYC and East Hampton dermatologist, recommends using fractional lasers, which penetrate top skin layers and use light energy to stimulate collagen. Your skin's natural rejuvenation process smoothes wrinkles and scars by stimulating collagen. Thanks, Doc! ■
